"We are committed with our lives to building a different model and a different future for humanity, not death, and other scenarios. We have managed a moral alternative to economic globalization and we will not rest until we see it realized."
— **Wanda Berry**

"When the institutions of money rule the world, it is perhaps inevitable that the interests of money will take precedence over the interests of people. What we are experiencing might best be described as a case of money colonizing life."
— **David Foster**

"Even the old and dying forests and sea grass create oxygen to help form a new world, which needs to be developed into something else. The people are too fearful and slow to the technology, where the reality is a self-generated energy for the sustenance of the people, and finally because it was a matter of life and death, "resist an ecological balance with the environment."
— **Phil Cook**
