"There is at the moment in the world a battle going on between those who are pursuing materialistic paths—globalizers of economic growth and those hell-bent on this 'big is better' idea—on the one hand, and on the other hand those who are dedicated to spiritual renewal, more small-scale development, more human scale, more sustainability, more crafts and arts. Where human beings are not just sold to companies and money and those kinds of things. Where human beings have a sacred path." -- Satish Kumar
