

# WHAT'S YOUR BETTERWORLD ISSUE? ENDING WORLD HUNGER

"I can't think of any issue that is more important than working to see that no schoolchild in this world goes hungry."  
-- Drew Barrymore

More than 850 million people in the world go hungry, and as many as 35 million of them are Americans! Worldwide, some estimate that 40 million people die each year because of hunger and diseases related to malnutrition -- and many of them are children!

There is more than enough food in the world so that no one need ever go hungry. Those who wish for a more peaceful, just and sustainable world are helping to make ending world hunger a major priority. In fact, all of the world's leaders agreed to cut the number of starving people in half by the year 2015 as the first priority of the Millennium Development Goals.

World Food Day (End Hunger Day) was adopted by the UN to commemorate the founding of the Food and Agriculture Organization (FAO) of the United Nations on October 16, 1945. The official goal of the day is to "heighten public awareness of the world food problem and strengthen solidarity in the struggle against hunger, malnutrition and poverty."

**Together, WE CAN END HUNGER!**
